

Are you Compliant with the **State EMS 1/1/08 Data Submission Deadline?**

No \$\$\$
to hire staff
or purchase
equipment?

Volunteer
workers don't
want to do it?

Not Sure
what to do?

No Time?
It takes 30-45
minutes to
enter a run!

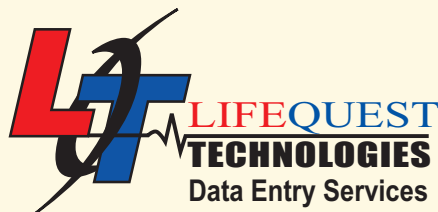

LifeQuest Technologies' **Data Entry Service**

is the **SIMPLE SOLUTION!**

For as little as **\$3.49 a Run*

We Guarantee Your Data Submission
Will Be 100% State Compliant

**but that's not all ...*

You will also get this . . .

Complete Access to **LEADERS**, Our State-of-the-Art
Web-based EMS & Fire Reporting System!
(a \$500.00 Annual Value)

LEADERS Features:

- NEMSiS Gold Compliant
- Staff Training Tracker
- QA/CQI Module
- Secure Access Permissions
- Limitless Statistical & Management Reporting
- NFIRS Compliant Fire Reporting (optional)

and this too . . .

A Full Version of our **ES ASSIST DocLogic** Document
Management Scanning Software and Support!
(a \$645.00 Value)

**Save Money & Time
With DocLogic Software:**

- Save Copying Fees and Postage
- Scan & Store Runs on your PC
- Search & Retrieve Runs by:
Run Number, Date of Service,
Patient's First Name, or Last Name
- Print Runs Directly From Your PC
- Software Works with Scanners
Using a Twain Driver

You simply send runs electronically to our Secure FTP Site
. . . and we'll take care of the rest!

and as an extra bonus, you'll receive . . .

Complete **Training** on all systems.

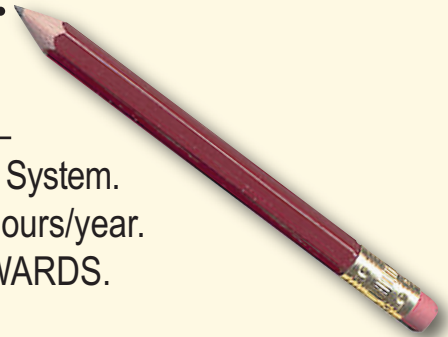

To see why **LifeQuest Technologies' Data Service** is
The Easy Choice and The Wise Course,
let's "Do the Math" together . . .

What could "Compliance" cost if done in-house?

EXAMPLE: It takes 30-45 minutes to enter 1 run into the State Wards System.
If your Ambulance Service has 500 runs/year x 30 minutes = 250 hours/year.
You pay an employee \$9.00 an hour to enter the information into WARDS.

250 hours x \$9.00 = \$2250/year**

(**If your employees are paid more than \$9.00/hr, then your savings with LifeQuest Technologies' Data Service will be even greater! The rate of pay used in our example does not, of course, include benefits, social security etc.)

Now, see how you can **SAVE almost \$500 a year****
with **LifeQuest Technologies' Data Entry Services . . .**

500 runs x \$3.49/run = \$1745/year

The **NET SAVINGS** to your service is **\$495.00/year****

- PLUS**
- No Extra Employees to Hire
 - No Sick Days or Other Employee Issues
 - No Additional Burdens or Extra Responsibilities for Your Current Staff
 - Complete Access to **LEADERS**
 - **DocLogic** Scanning Software
 - Most Importantly, Your Service is 100% State Compliant From Day One!

Do what you do best
and let us do the rest!

**Make Sure You're *Compliant* and
Start *Saving Time & Money* Today!**
